*Wednesday 21<sup>st</sup> and Thursday 22<sup>nd</sup> October 2009*

*Wollaston Conference Centre

### **Social Role Valorisation: About this event**

**Social Role Valorisation** was designed to create a deeper awareness of the circumstances of people who are devalued by society, perhaps as a result of physical or intellectual disability, mental illness, ageing, poverty and/or homelessness.

Participants will be asked to consider and discuss:

- How individuals, human services and our society in general contribute to the devaluation of people, and ...
- How we might be able to begin to create better life conditions for people.

### **Come to this event if you want to:**

- Gain a deeper understanding of devaluation and its consequences
- Learn the basic principles of Social Role Valorisation (SRV) as a means of addressing those experiences of devaluation
- Become clearer about your personal values in relation to devaluation and your personal service to people who are devalued.
- Strengthen, support and confirm your commitment, stand and purpose in relation to individuals who are affected by devaluation

***Note that the material covered may be challenging on a personal level and in relation to common service practices.***

**Workshop Trainer: Peter Millier** will be the senior presenter for this event. Peter is an accredited Senior Trainer of SRV who has been running these and similar workshops in Australia and NZ since 1990.
